MEMORANDUM FOR AFBCMR

FROM: HQ AFPC/DPAOT

SUBJECT: Application for Correction of Military Records, [REDACTED]

1. Requested Action: Change applicants records to indicate that he did not SIE (Self-Initiated Elimination) from navigator training. Also, change applicants records to indicate that he is eligible to apply and be selected for pilot training. Applicant does not desire re-entry into navigator training.
2. Basis for Request: [REDACTED] informed the applicant that getting out of navigator training before start of training would not be considered an elimination and it would not effect any future opportunity for applying or being selected for pilot training.
3. Background: Applicant was assigned PCS to Pensacola Naval Air Station for training into the navigator career field. Upon in-processing, he was counseled that he could depart prior to start of training and would not be considered an SIE. Applicant exercised that option and was dropped on request (DOR) (Navy term for SIE).
4. Facts: Applicant was in navigator training (PCS to Pensacola to be trained as a navigator). He was incorrectly counseled by [REDACTED] about SIE procedures. His records currently reflect that he is ineligible for further Undergraduate Flying Training (UFT) due to the SIE in his records.
5. Recommendation: Applicant not be re-entered into navigator training (per applicant's request). Update records to indicate he is now eligible to compete on and be selected for future UFT selection boards.
